

ABM

GENERAL TRADING

ABM

About US

ABM General Trading is an Emirati company established to serve the local & GCC market through supplying the best quality material and engineering services, ABMGT targeting the OIL & GAS, Military, Industrial and commercial market.

Vision

To be one of the leader trading company in UAE & GCC

Mission

To supply our market with a qualified product and guaranteed quality that support and full fill the green requirements.

Company aim

To satisfy our client's requirements by giving all the required engineering services through a qualified team

AIR FILTER

General Filter Italia is a leading company in the air filtering sector and offers customers a bespoke service.

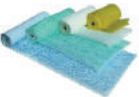

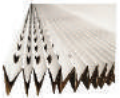

Our strengths are flexibility and customer-oriented manufacturing.

The experience gained in over 40 years on the market, our bent for research and development and investments made over recent years have allowed us to acquire the necessary competitive strength to consolidate and expand the company.

- Primary Filtration/ prefilter
- Fine Filtration
- Absolute Filtration
 - 1 . HEPA filter
 - 2 .Bio filter
- Purification/ Carbon filter

POLITEX

-  Synthetic Filter Media
-  Glass Fiber Filter Media
-  Tigh Filter Media
-  Paint Filters
-  Polyurethane Filter Media

FILTERCEL

-  Flat Filter Cell
-  Pleated Filter Cell
-  Flat Filter Cell
-  Pleated Filter Cell

ALFABAG

▶ Synthetic Bag Filter

▶ Glass Microfiber Bag Filter

▶ Rigid Bag Filters

▶ Synthetic Bag Filter

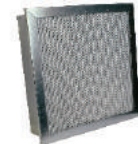

BIOFIL

▶ High Efficiency Filter

▶ High Efficiency Filter

▶ Flanged High Efficiency Filter

HEPAFIL

▶ Absolute Cartridge

▶ Absolute Laminar Flow Filter With Flange

▶ Absolute Laminar Flow Filter With Flange

▶ Deep Pleat Absolute Filter

CARBOFIL

▶ Absolute Cartridge

▶ Rigid Bag Carbon Filter

▶ Activated Carbon Filter Cell

▶ Activated Carbon Filter Media

▶ Activated Carbon Cartridges

Air Purification

Residential & Industrial (explosion proof)

- Ionization Equipment
- Recirculation Systems
- High Volume Systems
- Gas Filtration Media
- Miscellaneous

Duct Heater

Founded in 1938, Tutco has quickly grown into a global leader in the heating component industry. We supply electric resistance heating elements for a broad range of applications, including compressors, clothes dryers, duct heaters, heat pumps, window air conditioners, vending machines, university research laboratories, aerospace, automotive, medical, food, packaging and other OEM industrial processing equipment. In 1994, Tutco was purchased by Smiths Group, which has brought even greater resources to our products through the group's Specialty Engineering division.

Applications:

- Primary Heating
- Secondary Heating
- Space Heating
- Auxiliary Heating
- ReHeating
- Multi-zone and VAV Heating

COMMERCIAL:

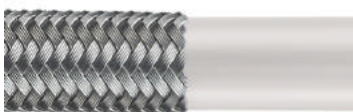

TRANSPORTATION & INDUSTRIAL

Titeflex has a proven reputation and successful track record of innovation and quality that reaches back to the dawn of the aircraft age. Adapting products and quality programs from this market has enhanced our position in all markets that we serve with complete fluid transfer handling solutions in flexible, rigid, or flex-rigid hybrid hose assemblies.

AEROSPACE

Titeflex's Aerospace division provides customers with complete fluid transfer solutions in PTFE flexible, rigid, or flex-rigid hybrid assemblies. Titeflex leads the world in steel braided and para-aramid flexible hose, in addition to producing complex rigid assemblies in various metals.

CORRUGATED STAINLESS STEEL TUBING (CSST)

Based in Portland, Tennessee, Gastite has been a pioneer in fuel gas piping for more than twenty years and continues to set the standard in the industry with product innovations, superior technical support, and world-class customer service.

The Gastite system is a safe, time- saving and efficient method of installing piping for natural gas and liquefied propane gas. It utilizes corrugated, semi-rigid stainless steel tubing (CSST) with polyethylene jacketing and fully integrated, all metal components. We offer a comprehensive system of fittings and accessories from our patented XR2 Series Fitting, to our exclusive modular stub system, to our regulators, mounting hardware and protection devices. Gastite also has available a complete line of polyethylene tubing and accessories for direct burial applications. Our products offer contractors and design engineers one-stop shopping for all their fuel gas-piping needs. This is why we say that at Gastite, the system is the solution.

- 300 Series stainless steel
- Annular corrugations
- Multiple sizes up to 2 inch
- Pressure rating up to 25 psi
- Natural gas and LP systems

- Yellow or Black
- Dielectric or conductive
- Coiled into long lengths
- Marked by footage
- Indoor and outdoor use
- UV protected for outdoor use

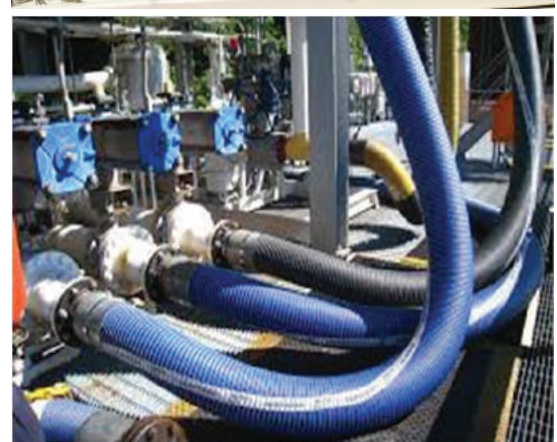

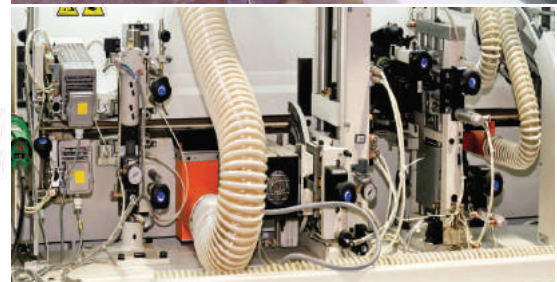

Hi-Tech Duravent is the Industrial brand of Flexible Technologies, Inc

Flexible Technologies is a diverse organization providing products and solutions to the industrial, medical, automotive, vacuum cleaner and home appliance, manufacturing, and agricultural industries.

We offer a wide array of products including: spiral wound hoses, self-retracting hoses, electrical hoses, and medical hoses and hose accessories. Flexible Technologies is ISO9001:2000 certified organization. We test our products to ASTM, UL, or customer specific standards in our onsite laboratory. We provide design and engineering services to meet our customers' specific needs.

ADVANTAGES:

- CHEMICAL-RESISTANT,
- STATIC-DISSIPATIVE,
- MOISTURE-RESISTANT,
- SELF-EXTINGUISHING,
- UV/OZONE-RESISTANT,
- HI-TEMPERATURE,
- ABRASION-RESISTANT,
- OIL-RESISTANT,
- PUNCTURE-RESISTANT,
- DRAG-RESISTANT,
- FUME REMOVAL,
- UL LISTED,
- MEETS FDA REQUIREMENTS/ FOOD SAFE AND/OR FDA MATERIALS ARE AVAILABLE
- UPON REQUEST.
